About BQCIS — Bureau for Quality Certification & Inspection Solutions

Founded in **1828**, **BQCIS** is a globally recognized independent organization providing **inspection, testing, and certification** services that help businesses meet regulatory standards, improve product integrity, and ensure supply chain transparency.

Operating through a network of accredited laboratories, regional offices, and inspection partners across **over 60 countries**, BQCIS supports clients in industries such as **metals & minerals, energy & fuels, agri & bio, manufacturing, consumer goods, and life sciences**.

Our work is guided by internationally recognized standards including **ISO/IEC 17020 (Inspection Bodies)**, **ISO/IEC 17025 (Testing Laboratories)**, and **ISO 9001 (Quality Management Systems)** — ensuring every service is delivered with accuracy, impartiality, and integrity.

BQCIS integrates **digital technologies** such as **blockchain verification, real-time inspection dashboards, and secure data traceability systems** to deliver confidence in trade and compliance.

At its core, BQCIS is dedicated to **building trust in global trade, empowering sustainable development, and advancing excellence through science, data, and ethics**.
